

Earth Status Report - 2006

If the population of the Earth was reduced to that of a small town with 100 people, it would look something like this:

57% Asians

21% Europeans

14% Americans (northern and southern)

8% Africans

52% women

48% men

70% coloured-skins

30% caucasians

89% heterosexuals

11% homosexuals

**6 people would own 59% of the whole world wealth
and all of them will be from the United States of America**

80% would have bad living conditions

70% would be uneducated

50% underfed

1 would die

2 would be born

1 would have a computer

1 (only one) will have higher education

**When you look at the world from this point of view,
you can see there is a real need for solidarity,
understanding, patience and education.**

Also think about the following -

**This morning, if you woke up healthy,
then you are happier than the 1 million people
that will not survive next week.**

If you never suffered a war,

the loneliness of the jail cell, the agony of torture,

or hunger,

**you are happier than 500 million people in the world.
If you can enter into a church (mosque) without fear of jail or death,
you are happier than 3 million people in the world.**

If there is a food in your fridge,

you have shoes and clothes,

you have bed and a roof,

you are richer then 75% of the people in the world.

If you have a bank account, money in your wallet and some coins in the money-box,

you belong to the 8% of the people of the world who are well-to-do.

If you read this, you are three times blessed because:

1. somebody just thought of you.

2 . you don't belong to the 200 million people who cannot read.

3 . and... you have a computer!

As somebody once said:

" - Work as if you don't need money,

- Love as if you've never been hurt,

- Dance, as if nobody can see you,

- Sing, as if no one can hear,

- Live, as if the Earth was a heaven."

**If you like, send this to people you call friends.
If you don't send this, nothing will happen.
But, if you send it - someone will smile**

**So start living & stop worrying,
You don't know how lucky you are!**
